Introduction

This User Guide

This document covers the tokens and CSS supported by AutoWebSuite 5.x.

For information about module design reference the “**Designer Guide.pdf**” document.

Locating Tokens and CSS

This document inventories the tokens and css supported by AutoWebSuite 5.x.

Table menus describe the location of the token or css, in this example:

WebSuite_Vehicle - mView (List/Detail View) – Tokens

First portion displays the location of the module folder.

WebSuite_Vehicle

Second portion displays the name of the control and the view position displayed.

mView (List/Detail View)

Third portion displays the type

Tokens

WebSuite_Vehicle - (Shared) Tokens
